- » Streamline local approvals including environmental review for 100% affordable housing developments consistent with local plans and zoning.
- » Create an ongoing, predictable revenue source of at least \$500 million annually for the production and preservation of homes affordable to lower-income households.

LOCAL RECOMMENDATIONS FOR SACRAMENTO COUNTY

All local governments in the region should:

- » Adopt or expand local Housing Trust funds including dedicating all or a significant portion of former redevelopment tax increment revenue ("Boomerang" funds) returned to the county and cities to affordable homes on an ongoing basis.
- » Expand the Rental Housing Inspection Program developed by the City of Sacramento to all communities in the region to address substandard rental properties.
- » Prioritize public funding resources for extremely low-income households and preserve existing single room occupancy (SRO) units as part of an overall strategy to prevent homelessness.
- » Inventory, promote, and prioritize public and public surplus land for the development of affordable homes. In particular, work with transit agencies to identify properties appropriate for affordable infill and transit-oriented development.
- » Prioritize and expand the project-basing of federal rental subsidies including Housing Choice Vouchers, Shelter Plus Care, and Veterans Affairs Supportive Housing (VASH) for permanent supportive housing.
- » Adopt or increase impact fees, inclusionary zoning requirements, and commercial linkage fees.
